Boat Slip Lottery Drawing & Policy – CHANGES TO SLIP RENTAL, ETC.

This year's boat slip drawing will be held during the March Monthly Board Meeting on March 7, 2026.

1. Boat Slip Lottery drawing entrants:
 2. Must be in Good Standing with PLE Association (Good Standing indicates a lot owner with all annual and special assessments are paid in full).
 3. Must have a boat that is properly registered with the PLE office.
 4. Must have current state registration and insurance information (25,000) on boat.
 5. Only one entry per lot owner.
1. Boat Slip request forms must be filled out, include payment, and be returned to the office NO LATER THAN February 28, 2026. You may call to confirm receipt if you wish. Payments will be held until the drawing. Unsuccessful drawing entrants' payments will be returned to the Association member's address on file at Pinnacle Lake Estates. PLEASE NOTE! WE WILL NOT ACCEPT REGISTRATION FORMS FOR THE DRAWING OR PAYMENTS THE DAY OF THE MEETING.
2. Association members who are willing to accept either a single or double slip may check both boxes on the boat Slip request form. If their request is drawn, first preference will be a double slip. If a double slip is not available, then a single slip will be assigned. Association members who elect to exercise this option must send separate payment to cover both a double and single slip to qualify. Once a slip, double or single is assigned, the unused payment will be returned to the Association member's address on file at Pinnacle Lake Estates.
3. All boat slip request forms will be folded in a similar manner and placed into the drawing, which will be held during the March monthly meeting in plain view of all association members present. Boat slip requests will be drawn one at a time until all slips are filled. As each request is drawn from the container, it will be identified by the Association member's name. The drawing will continue, until the final slip is filled.
4. Boat Slip assignments will be made based on the size of the boat (i.e., longer boats on the outside and heavier boats should not be on end of docks). Slip assignments will be mailed/mailed to the winning members the week following the drawing.
5. In the event there is a dispute about how the Boat Slip Lottery Drawing is being conducted that is not covered by the preceding rules, a majority vote of the Board members present will be used to resolve the dispute.
6. Since the number of boat slips available is extremely limited, you are not guaranteed the same slip if you are drawn a second year. Only the boat registered to each slip may be docked there. **NO SUBLETTING OR ALLOWING USE BY OTHER LOT OWNERS.**

General Boat Slip Rules

1. Boats must pull forward into slips.
2. Four tie-off points, if possible, minimum of two (2) mooring/tie-off points.
3. Do not tie off to arbors.
4. Two (2) bumpers per side of boat when moored.
